REGIONAL STRATEGIES – NEW OPPORTUNITIES FOR FOREIGN INVESTMENTS

Mr. Gennady F. ALEXEEV
First Deputy Chairman
Government of the Sakha Republic (Yakutia)
OUTLINE OF ACTING AND PROJECTED RAILROADS, AUTOMOBILE ROADS, OIL PIPELINES AND UNIFICATION OF ISOLATED POWER DISTRICTS OF THE SAKHA REPUBLIC (YAKUTIA) WITH UNITED POWER GRIDS OF SIBERIA AND THE EAST
NATURAL RESOURCE POTENTIAL OF SOUTHERN YAKUTIA

- Unique Chayandsnksoe Deposit Field (1.24 trillion) c.u.m. of natural gas, with potential production of 7.5 million tonnes of chemicals per year
- Over quarter (26 per cent) of the Sakha Republic’s timber resources
- Over 50% of Yakutia’s gold reserves, over 10% of Russia’s gold reserves
- Unique hydroenergy resources of the Timpton, Uchur, Aldan and Olyukma rivers
- 7% of world uranium reserves, 55% of Russia’s reserves
- Unique South Yakutian coalfield 50 per cent of Yakutia’s coal reserves (1.36 billion tonnes) 90 per cent of coal mining volume in Yakutia

Deposit Fields of Natural Resources:
- Coal
- Iron Ore
- Apatite
- Golden Ore
- Uranium Ore
- Oil
- Natural Gas

Russia’s largest iron ore reserves (5.75 billion tonnes), including the Russian Far East’s largest Tanymekshskoe Deposit Field (2.58 billion tonnes)
SOUTHERN YAKUTIA DEVELOPMENT PROJECT (2007-2020)

- **Aldanskiy Gas and Chemicals Complex**: Projected annual capacity: 500,000 tonnes of produce. Investment volume: 13 billion roubles.
- **Yakutsk Cement Works (production expansion)**: Projected annual capacity: 1,000,000 tonnes of cement. Investment volume: 485 billion roubles.
- **Selgdanskiy Ore and Chemical Processing Plant**: Projected annual capacity: 3,600,000 tonnes of concentrate. Investment volume: 26 billion roubles.
- **Ehowsky Mining and Smelting Works**: Projected annual capacity: 5,000 tonnes of uranium. Investment volume: 48 billion roubles.
- **Tarynnakhskiy Ore Mining and Processing Plant**: Projected annual capacity: 14,000,000 tonnes of concentrate. Investment volume: 55 billion roubles.
- **Desowytskoy Ore Mining and Processing Plant**: Projected annual capacity: 3,200,000 tonnes of concentrate. Investment volume: 12.9 billion roubles.
- **Imaginskaya Ore Mining and Processing Plant**: Projected annual capacity: 5,800,000 tonnes of coal. Investment volume: 4.9 billion roubles.
- **Tungtoy River Hydroelectric Station Cascade**: Projected capacity: 2,800 megawatts (of which Kanskunskaya HEP = 1,600 megawatts, Nizhne-Timgayskyaya HEP = 1,200 megawatts). Investment volume: 138 billion roubles.

**POWER INDUSTRY SERVICES**
- Thermolectric Power Stations
- Hydropower Stations

**INDUSTRIAL ESTABLISHMENTS**
- Cement Works
- Gas and Chemicals Complex
- Chemical Fertilizers Works
- Metallurgical Works
- Iron-Ore Processing Plants
- Mining and Smelting Works

**INFRASTRUCTURE UNITS**
- Oil Pipelines
- Gas Pipelines
- Railroads
- Roads
- Power Lines
